

`std::false_type`

```
graph BT; A["std::math::concepts::values_are_constructible<T, U, class>"] --> B["std::false_type"]
```

The diagram illustrates an inheritance relationship. A light blue arrow points from the top of a gray box to the bottom of a white box. The white box is divided into three horizontal sections, with the top section containing the text 'std::false_type'. The gray box is also divided into three horizontal sections, with the top section containing the text 'std::math::concepts::values_are_constructible < T, U, class >'. The arrow indicates that the gray box inherits from the white box.

`std::math::concepts
::values_are_constructible
< T, U, class >`
