

std::true_type

```
classDiagram
    class Base["std::math::detail::is_unsequenced< execution::parallel_unsequenced_policy >"]
    class Derived["std::true_type"]
    Base <|-- Derived
```

The diagram consists of two class boxes. The top box, labeled 'std::true_type', has three horizontal compartments. The bottom box, labeled 'std::math::detail::is_unsequenced< execution::parallel_unsequenced_policy >', has three horizontal compartments, with the top one containing the text. A blue arrow with an open triangular head points from the top compartment of the bottom box to the bottom compartment of the top box, indicating an inheritance relationship.

std::math::detail::
is_unsequenced< execution
::parallel_unsequenced_policy >
