

std::true\_type

```
classDiagram
    class std_true_type["std::true_type"]
    class std_math_detail_is_span["std::math::detail::is_span< span< T, Extents > >"]
    std_math_detail_is_span --|> std_true_type
```

The diagram consists of two class boxes. The top box, labeled 'std::true\_type', has a white background and is divided into three horizontal sections. The bottom box, labeled 'std::math::detail::is\_span< span< T, Extents > >', has a gray background and is also divided into three horizontal sections. A blue arrow with an open triangular head points from the top section of the bottom box to the bottom section of the top box, indicating an inheritance relationship.

std::math::detail::  
is\_span< span< T, Extents > >
