

std::true\_type

```
classDiagram
    class std_true_type["std::true_type"]
    class std_math_detail_is_mdspan["std::math::detail::is_mdspan< std::experimental::mdspan< T, Extents, LayoutPolicy, AccessorPolicy > >"]
    std_math_detail_is_mdspan --|> std_true_type
```

The diagram consists of two class boxes. The top box, labeled 'std::true\_type', has three horizontal compartments. The bottom box, labeled 'std::math::detail::is\_mdspan< std::experimental::mdspan< T, Extents, LayoutPolicy, AccessorPolicy > >', has three horizontal compartments. A blue arrow with an open triangular head points from the top compartment of the bottom box to the bottom compartment of the top box, indicating an inheritance relationship.

std::math::detail::  
is\_mdspan< std::experimental  
::mdspan< T, Extents, LayoutPolicy,  
AccessorPolicy > >
